Thank you so much for your help! I can’t wait to see you at Kindergarten Orientation. Please feel free to bring your supplies on Orientation Day ☺️
Headphone Information
(supply list on back)

Students will need headphones for various iPad activities throughout the day in kindergarten.

In years past, the ear buds do not seem to be very durable. The ear bud wires get tangled, broken, and do not fit properly inside of students' ears. We have found that the bigger headphones are more durable for kindergarteners.

We have found that kids use about three pairs of headphones each year (the cords tear, get knotted, stepped on, etc.). To start the year, please send in **ONE pair of headphones** that is iPad compatible (**NO** Bluetooth headphones, please). We will send a note home, as needed, if your child's headphones need to be replaced during the year. **If you see a good sale (or headphones with a warranty), I would encourage you to buy multiple pairs.**

Thank you for your help,
The Kindergarten Team
