Block 2: Homeroom 9:02 – 9:42
Guidelines for Announcements and Academic Advisement

In an effort to create continuity during the homeroom block (Announcements and Academic Advisement), the following guidelines apply:

1. Students must be in homeroom by the 9:02 bell.

2. All students must remain in homeroom for announcements, from 9:02-9:09.

3. Students who have a pre-signed pass in their agenda books may leave homeroom at 9:09.

5. Students signing into a different Academic Advisement with a pre-signed pass must stay until the end of block 2 at 9:42.

6. The purpose of Academic Advisement is to provide a time for students to accomplish academic work such as studying, reading, making up tests and class work, receiving extra help, etc. Students are expected to respect this purpose by working quietly.

7. There is no cell phone usage during announcements or Academic Advisement.

8. Teachers have the discretion to allow or not allow students to listen to music using headsets. Students are expected to respect the teacher’s decision about listening to music.
