

Student Safety on School Buses

School Year 2023-24

Dear Parent or Guardian,

The primary objective of the Liverpool Central School District's Transportation Department is to safely transport your children to and from school. It takes cooperation and responsible actions by each bus driver, attendant, student, parent, teacher, school administrator, and the Transportation Department to achieve this goal. We rely on all students (supported by their parents or guardians) to follow procedures that contribute to the safety of everyone on the bus.

Please review the Transportation Bus Rules with your child and the list of possible Infractions and Consequences. Your acknowledgment lets us know that you have received this information and that your child is aware of the standards and disciplinary guidelines.

If you have any concerns about any of these items, please discuss them with your bus driver, or your school administration or call the Transportation Department at 315-453-0287. Failure to acknowledge the above document does not excuse your child in the event disciplinary action is taken.

Most students do a great job contributing to the safety of their buses. The daily bus ride is part of our students' education in learning to be good citizens by taking responsibility for their behavior, safety, and the safety of the other students on the bus. We appreciate your support in making sure that all students riding our buses are as safe as possible.

Thank you,

Transportation Department
Liverpool Central School District
